BALL POINTS

Instant starting, smooth writing! King-size refill gives over 4 1/2 miles of dependable writing, never skips, smears or "leathers." Models to match standard and "K" fountain pens and Push Pencils. Choice of extra-fine or medium points, choice of blue or red ink. One-hand operation: push the top to get the point — push again to retract. Point revolves one-quarter turn per retraction — evens wear on the ball socket for longer life. Has no loose springs or parts to fall out.

Choice of models to match any Esterbrook fountain pen or Ball Point. Easy, one-hand operation — just push the top to feel the lead. Feeds 360 sharp new points one after another without reloading. Front "clutch" and guide tube insure against lead breakage and "chattering."
